ONE SUBMARINE BASE OF GERMANS IS DESTROYED

By Associated Press.

London, November 25.—The destruction of Germany's rudimentary naval base at Zeebrugge by shell fire from British and French warships, together with Germany's grim preparations for her renewed attempts to crush a way through the allied line to the French coast, were the most significant features in the news coming to hand today from the western arena of the war.

In the east the situation as regards the Russian and German armies in Poland remains a little obscure. The Germans, on one hand, are not denying that the advance of General Von Hindenburg has been checked, while the Russian war office, on the other hand, claims a decisive victory.

With the smashing of the submarines, which the Germans had been so laboriously assembling at Zeebrugge, the allied fleet has been removed from that point on the coast. It is now felt there is little danger of an under sea attack and additional news dispatches received from the other side of the channel make it apparent that the damage inflicted by the fire of the warships at Zeebrugge was far

more extensive than was at first supposed.

Similar reports received in London set forth that the Germans have already started another attack on the allied front in Flanders, which will be more intense and formidable than any hitherto undertaken. It is apparent that the Germans have been carefully preparing for this move for some days past. The situation precludes the possibility of a secret attack and it is said that the invaders have gone ahead with their plans openly, keeping secret only the point where they purpose to center their offensive movements.

It is the opinion of military observers here that the next onslaught will be particularly menacing because the Germans, profiting by the mistakes previously made, will keep far enough away from the coast to avoid the naval guns and will not waste their energy by advancing at several points at the same time, but will concentrate all their efforts on one spot where they hope to break through by sheer weight of numbers.

Having shattered the Prussian guard, however, when it essayed the

feat, the allies say they have every reason to face the present situation with confidence.

According to advices from Nish the Austrians have met with defeat in their invasion of Servia. Austrian forces in the northwestern part of the country are reported to have been repulsed with heavy losses.

London, November 25.—Great Britain and France have appealed to the United States to exercise its good offices to compel Colombia to observe more strictly the requirements of neutrality. Otherwise the allies, it was announced in the House of Commons, may be compelled in self-defense to take whatever measures they deem necessary for the protection of their interests.

Berlin, November 25.—By Wireless—The British Indian troops along the Suez Canal have been defeated, according to report from Milan and the Turks are advancing with heavy batteries to destroy the constructive works of the canal and bottle up the British warships now in the waterway.

The big engine was finally jacked up and replaced on the rails, and repairs were made so that the train pulled out after about two hours' delay.

Extensive repairs on the track at the point where the mishap occurred were necessary, and a gang of men worked on the repairs until late Wednesday morning.

O. S. U. ALUMNI BANQUET FRIDAY

The committee in charge of preparations announced Wednesday that Friday will be Ohio State day in Washington, according to custom, and the annual banquet of O. S. U. alumnae will be held in the Odd Fellows' hall in the evening beginning at 8 o'clock.

Among prominent speakers who will answer to toast will be Frank C. Parrett, recently elected to the state legislature from this county. Preparations are being made to accommodate about 100 persons.

BRICK ARRIVE FOR PAVING CROSSINGS

Brick and cement have arrived in this city, shipped by the C. H. & D. for the purpose of constructing certain paving on South Main, Fayette and North streets.

Whether the brick and concrete will be used for building sidewalks or for paving the streets along the tracks, is not announced, but it is thought that the material is for constructing sidewalks only.

GEORGE'S HISTORY IN ROSS COUNTY

Monroe George, a fugitive from justice since his attempt to kill a Xenia woman Saturday night, has a record in Ross county, according to the following excerpt from the Chillicothe Gazette:

"During the latter part of October Monroe George was arrested by Humane Officer Hamm and brought from Springfield to this city to face a charge of failure to provide. He was given \$50 and costs and sixty days, but this was suspended on condition that he provide for his wife. These arrangements were made with his wife, and he returned to Springfield and later to Xenia. His wife is the daughter of Mrs. Etta Banks, of near Slate Mills, and is employed at the home of Mr. P. J. Blosser, and is noted for her sterling qualities as a woman, and is well liked and respected by all who know her. The husband is a good contrast."

Devonport, Eng., via London, November 25.—The steamer Jason, laden with Christmas toys for children in the belligerent countries from children in the United States arrived here today. A flotilla of British torpedo boat destroyers met the ship and escorted it into the harbor. The Queen has written Mrs. Page, wife of the American ambassador, a letter of thanks for the gifts of the children.

GIRLS SCHOOL IS DESTROYED

By Associated Press.

Abingdon, Va., November 25.—Fire here early today destroyed one girls' school, threatened another and at one time endangered the entire town. One hundred students at the Stonewall Jackson Institute escaped when that school burned and students at Martha Washington College nearby were hurried from the dormitories when it appeared that this institute too, would burn. The fire was controlled with an estimated loss of \$100,000.

12 YEAR MAN GETS PARDON

By Associated Press.

Columbus, O., November 25.—Edward Leibold, of Sandusky, serving a 12-year sentence in the Ohio penitentiary for burglary, received the Thanksgiving pardon from Governor Cox, it was announced at the executive offices today.

Leibold is an expert machinist. He was sentenced in April, 1908. During the investigation of Leibold's case by the Board of Pardons, his wife was the only person to enter protest against being shown clemency.

Washington, November 25.—General Blanco left Mexico City at 3 a.m. yesterday and the forces of Zapata immediately took possession of the

MOB SACKS MEXICO CITY DURING NIGHT

By Associated Press.

Mexico City, November 25.—Serious disorder occurred in the capital last night when a mob gathered in front of the national palace. Later they marched to stores where arms and ammunition were kept, battered down the doors and sacked the places of their contents.

There was much shooting, but thus far, according to reports, the casualties are few. The police were powerless, as the few who remained to guard the city were stripped of their arms by the mob.

Later in the evening the mob, which had been constantly growing, began looting pawnshops and other establishments. The trouble began at 6 o'clock in the evening and at a late hour still continued. All street car traffic was stopped except the Red Cross service which was taking care of dead and wounded, brought in from the fighting around Tacubaya. At 8 o'clock bodies of civilians and former federal soldiers were formed. They paraded the principal streets and marched to police headquarters and the Brazilian legation where they were armed. It was hoped that their forces eventually would be able to control the situation.

Blanco took away with him all rolling stock that could be used in transporting troops. Most of the wires connecting the capital with the outside world have been cut. Gen. Villa's troops are reported a few miles north of Mexico City and officials here think a joint occupation of the capital with the Zapata forces is likely, as there is a complete understanding between the two factions. The forces of Villa, according to telegrams, are closing in on Tampico and already have reached the oil fields in the vicinity of the city. The Villa advance guard has given assurances that the foreign oil interests will be protected.

Recent reports from agents with the Zapata forces led officials here to believe the southern chief would maintain order in the city.

HUNTERS MAY FACE THE FEDERAL COURT

Akron, November 25.—Rev. James P. Lowe this afternoon was found guilty of conduct unbecoming a minister by the trial board of the Ohio Conference of the United Evangelical church. He was ordered suspended.

The penalty is a severe one when enforced to the limit.

DECISION IS HANDED DOWN IN THE CLEMENS-THOMPSON CASE

The Court of Appeals of Fayette Logan and the defendant by attorney completed its work Tuesday, says Post & Reid.

The suit was filed by Mr. Clemens after a transfer of territory had been made by the County Board of Education, and the Jasper township school board, which is said to have acted in opposition to the opinion of Prosecutor Maddox, voting a vacancy in the board with a view to eliminating Mr. Clemens, and later appointing the defendant to succeed the plaintiff.

After he had been voted out of the board, Mr. Clemens sought the advice of an attorney, learned that in all probability the action was illegal, and instituted proceedings in the court of appeals, with the foreAttorneys Tom S. Maddox and John going result.

MYSTERY CLOAKS COMING OF KRAFT CASE ATTORNEYS

Cincinnati, O., November 25.—Lew Kraft, Jr., and Freddy Kraft, alleged "spirit sons" of Mrs. Plymouth Weeks and the late Lew Kraft, are again absent from Cincinnati with their recognized mother. The former medium and the two boys left the city Tuesday, ostensibly to escape the unwelcome attention of curious people since Dora Haus-Guine brought habeas corpus proceedings for possession of Lew Kraft, Jr., upon the allegation that he is her illegitimate son.

Dr. Frank C. Miller arrived Tuesday, and was accompanied by Mrs. Miller. There will be no issue of The Herald tomorrow, Thanksgiving Day.

MOBILIZATION DECREE ISSUED

German Army on the Eve of Another Terrific Assault Upon the Allies' Defenses In Belgium and France. Former Country Pushed Back Several Centuries by the War—Famished People Resort to Stealing.

London, Nov. 25.—A dispatch from Lisbon says that the Portuguese congress decided that Portugal should co-operate with the allies when it considers the step necessary. The minister of war has issued a decree for partial mobilization.

On the snow covered fields of Belgium and France quiet continues, the only unusual incident being the bombardment of the towns of Zeebrugge and Heyst by British warships with a few shells which struck hotels where the German staff was quartered and other building, while the German shore batteries were unable to reach the warships in reply. The Hague reports that railway communication with Antwerp has been suspended and

The Thankful Heart

for all that God in mercy sends,
for health and children, home and friends;
for comforts in the time of need,
for every kindly word or deed,
for happy thoughts and holy talk,
for guidance in our daily walk,
In everything, give thanks.

for beauty in this world of ours,
for verdant grass and lovely flowers,
for songs of birds, and hum of bees,
for the refreshing summer's breeze,
for hill and plain, for stream and wood,
for the great ocean's mighty flood—
In everything give thanks.

for the sweet sleep which comes with night,
for the returning morning light,
for the bright sun which shines on high,
for the stars glittering in the sky—
O, Lord, we lift our hearts to thee;
In everything, give thanks!

SHIPS ENGAGE IN THE PACIFIC

Vancouver, B. C., Nov. 25.—The Canadian cruiser Rainbow had a run-in with the German cruisers Lepisic and Nurenberg, which have been causing no end of trouble to shipping in the Pacific ocean ever since the war opened. Five or six men are lying wounded in a hospital at Victoria, the capital of British Columbia, recovering from the running sea battle in which the Rainbow was engaged with the Germans recently off the Oregon coast, in which the French cruiser Montcalm came to the rescue and, after disabling what is believed to have been the Lepisic, towed the Canadian craft into harbor at Esquimalt, where repairs are now being made.

DEPLOMAT REFUSES TO BE INTERVIEWED

New York, Nov. 25.—Dr. Henry Van Dyke, American minister to the Netherlands, arrived here by the Rotterdam. He said the unbroken strain of nearly four months of day and night work, due to the war, had seriously affected his eyes and he had come here to have them "patched up." He asked the ship news reporters to please not interview him, saying "an American diplomat's first interview must be with his chief." He said he had acquired another language, Dutch, and that its chief use nowadays was "to hear and not to talk." He praised Holland for her kindness to American fugitives and her helpfulness to Belgian refugees. He said: "When the madness that began this war has spent itself I hope America will have a good part to play in the restoration of a lasting peace, wherein all the peoples of the world shall rejoice together."

MARKETMAN IS MURDERED

New York, Nov. 25.—Barnett Baff, a poultry dealer, who has been conspicuous in the market for several years because of his criticisms of the so called poultry trust, was shot and instantly killed in West Washington market by two men who made their escape in an automobile. He had left his office to take a look around the various stalls and had turned into Thirteenth avenue, when two shots rang out. There were many people in the vicinity at the time, but before they realized what had happened the gunmen had escaped. One of the bullets entered the top of Baff's left shoulder and lodged in the neck. The other struck him in the back and probably went through the heart.

Thank God Tomorrow

Tomorrow, the people of the United States should pour out thanks for the mercies and benefits of the closing year, stirred to new gratitude by the comparison between the travail and terror across the water and our tranquil land.

It is true that our country has suffered, and is suffering from a financial disturbance, largely caused by changed international relations due to these foreign wars and which affects present business conditions disastrously, but absolutely beneath consideration when compared with struggling Europe unleashed in the most awful war of all ages, and with bereavement, penury and acute suffering adding to the full quota of misery.

Even with hearts wrung by the realization of foreign conditions it cannot be ignored that from this caldron of world hate may spring additional good to our own United States and ultimately domestic production be increased, as well as improved methods of culture and scientific development.

But looking away from such sordid aspects we have great cause for thanksgiving that in so general a conflict, with such grave danger from international complications, we are at peace.

It is in the United States that Thanksgiving reaches the most splendid fulfillment of its meaning, and it is fitting that from the Atlantic to the Pacific a nervous, restless people pause in their rush to turn for a moment from things secular to praise the wonderful care of an all-wise Providence.

In many lands famine and pestilence have done their worst; fierce combat in the field has had inward trouble to add to the cup of misery already full.

But in our glorious United States the seasons have rolled round, bringing a harvest of golden grain and a seed time rich in promise.

The scourge of pestilence, attacking man regardless of name or rank, followed by the grim reaper, gleaning his harvest amid tears and groans, we have escaped.

Truly our nation has reason to observe this day set apart for offering thanks.

Thanksgiving is a day of dual significance.

Since the first Thanksgiving, after the ingathering of the first harvest in a new world, when Governor Bradford sent out four men to shoot wild foul, that the primeval colony "might after a special manner rejoice together," the day has always possessed national interest.

In the White House, the President of the United States sums up those manifold blessings which call forth tribute from the nation, and sends his annual message broadcast.

In the home, while there may be a sub-current of gratitude for the nation's prosperity, the day is distinctly individual, and often gathered in family sociability, the leading spirit is gratitude for that prosperity which leaves its blessings in good health, preservation of faculties, a well filled larder and a competence for present needs.

It is harder to pour out thanks to the great Author of our mercies when prosperity is lacking and hope seems to have taken wing, but few indeed are those who have no cause for thanksgiving; who are so utterly bereft of health, the use of faculties, the necessities of life, that they can find nothing which calls for thanksgiving praise.

Even those blindly struggling, if they had the inner vision to penetrate the curtain of the future, might find that there was greater cause for thanksgiving than they knew; that temporary lack of material blessings was not the cruelty it seemed.

Let us "count our mercies" tomorrow, contrasting, for just a moment, our sunny land with darkened, blood-stained Europe.

Our hearts cannot but swell with gratitude, that we have passed unscathed through a year so fraught with dread possibilities to our nation.

We are praying in peace while thousands agonize in devastated lands.

Beyond all else, thank God for that.

Women Will Vote Right When Given the Opportunity

By JANE ADDAMS, Social Reformer

THE strongest and most logical reason for equal suffrage is that women should have equal justice. We are in the midst of a great movement in this country—one which has as its aim not so much the elevation of women to their rightful place in society, BUT WHICH IS PRIMARILY A MOVEMENT WHICH HAS TO DO DIRECTLY WITH SOCIAL REFORMS.

It has been said that there never was a political or a moral revolution in which women did not have a hand. They have always joined in any movement which means an uplift to society. And rightly so, for they are nearest the home and feel more keenly than men perhaps the necessity for social reforms.

FOR IT IS THE MOTHER IN THE HOME WHO FEELS FIRST, PERHAPS, THE SOCIAL ABUSES WHICH GROW OUT OF UNCLEAN GOVERNMENT AND THE MALADMINISTRATION OF LAWS.

The things women feel the need of can only be obtained by means of the ballot. Women represent the side of life—the home—in which men have never been so vitally interested.

Poetry For Today

THANKSGIVING

Twelve months are sped—we look behind
And call God's goodness fresh to mind,
His care was felt through storm and shine;
With grateful hearts we seek His shrine,
And humbly kneeling there we say
Our orisons Thanksgiving day:
"For desolation's track untrod,
Our thanks are Thine, Almighty God."

"For seasons fruitful, gifts of love
For joy renewed, for grace above
Our poor desert, thanks unto Thee.
Through sorrow, death and misery—
Whate'er our lot—or good or ill—
Thou'st been our source of comfort still,
Though we have known the chastening rod,
Thy mercies have been sure, O God.

"In days to come, help us to be
Concerned about Thy ministry.
Since 'wrong is wrong and right is right'
Thy strength we need, we need Thy might.
Help us to walk by heaven's light—
Help us to live as in Thy sight.
O Lord! secure in Thee we rest
Use us as seemeth to Thee best."
—Thomas E. Smiley, in Indianapolis News.

Fasting and Feasting.

A fast and a feast kept close company in Puritan calendars. A fast frequently preceded Thanksgiving day and was sometimes appointed for the day succeeding the feast, a clever plan which had its good hygienic points.

Though in the mind of the Puritan Christmas smelled to heaven of idolatry, when his own festival, Thanksgiving, became annual, it assumed many of the features of the old English Christmas. It was simply a day of family reunion in November instead of December, on which Puritans ate turkey and Indian pudding and pumpkin pie instead of "superstitious meats," such as a baron of beef, boar's head and plum pudding.

Many funny stories are told of the early Thanksgiving days, such as the town of Colchester calmly ignoring the governor's appointed day and observing its own festival a week later in order to allow time for the arrival by sloop from New York, of a hogshead of molasses for pies.—From "Customs and Fashions In Old New England," by Alice Morse Earle.

Don't be a dabbler. Genuine success means simply doing the common things of life uncommonly well.—John D. Rockefeller Jr.

The King of Festivals.

The king and high priest of all festivals was the autumn thanksgiving. When the apples were all gathered and the cider was all made and the yellow pumpkins were roiled in from many a hill in billows of gold and the corn was husked and the labors of the season were done and the warm late days of Indian summer came in dreamy and calm and still, with just enough frost to crisp the ground of a morning, but with warm traces of benignant, sunny hours at noon, there came over the community a sort of genial repose of spirit, a sense of something accomplished and of a new golden mark made in advance, and the deacon began to say to the minister of a Sunday, "I suppose it's about time for the Thanksgiving proclamation"—From Harriet Beecher Stowe's "Old Time Folks."

CHERRY HILL COPS PENNANT IN BEST GAME OF SEASON

Central's Failure to Kick Goal After Making Touchdown Gave Cherry The Point That Proclaimed it Champion of the City Grade School Teams—Score 7 to 6—All-City Team Will be Picked.

Cherry Hill holds the grade school football pennant for the season 1914. It secured the title of champion Tuesday afternoon after defeating Central's eleven in the best and closest game of the season. Central's failure to kick goal after dragging over a well earned touchdown gave Cherry the one-point lead that did the work. The final score was 7 to 6. The game was witnessed by a good sized crowd.

All scores were gathered in the second quarter. Tackle Boots made Cherry's touchdown on a brilliant fake play. The success of the fake gave Boots a practically clear field and Evans, interfering, laid low the only dangerous attempt at tackle made by Central. Fullback Willis kicked goal. Central's touchdown was scored on O'Brien's quarterback run of 30 yards, Anderson failed to kick goal.

DRUNKEN WOMAN FIGHTS POLICE LATE AT NIGHT

Patrolmen Baughn and Bell were called to the old gas house region late Tuesday night to arrest Jimmie Jones and Mrs. Jeff Blanton, colored, who were intoxicated and creating some disturbance.

Jones accompanied the officers without protest, but the Blanton woman, who resides in Columbus, showed fight, and it required considerable exertion to take the woman to the county jail.

She would lay down and scream, attempt to bite the officers and scratch and kick desperately. However after considerable effort the woman was landed in the county jail, and charges of intoxication and resisting an officer were lodged against her.

The couple were not taken before Mayor Coffey until late Wednesday when Jones was fined the usual \$5 and costs.

BLUES NOW LEAD IN ODD FELLOWS

The Blues are 15 points ahead in the contest between the Reds and Blues in the Odd Fellow lodge.

The Blues forged ahead at the regular session of the lodge Tuesday

night when 105 Members were present, and now the blue flag floats in triumph over the Odd Fellows building—supplanting the red flag which for some little time has just as triumphantly floated over the big structure.

Interest in the contest is at fever heat, and each of the divisions is confident of success. Capt. Lanum has charge of the Blues, and Capt. Himiller, the Reds.

BUILDING FRONT TO COX BUILDING

A very handsome new front is being constructed in the Cox block on South Fayette street, taking the place of the old front which was damaged by fire and rendered unsafe.

Work on the building is progressing very rapidly, and if the weather remains favorable the front wall will be completed within a few days.

The steel has arrived and is in place, and it is expected that the building will be completed with the exception of the interior, within a reasonable length of time.

The new front will add much to the appearance of the block.

One of the prettiest and most perfectly appointed affairs of the fall season in the younger set was the card party given by Miss Dorothy Smith Tuesday afternoon, to introduce her guests, Miss Dorothy Waller, of Morganfield, Ala., and Miss Mary J. Lazarus, of Bowling Green, Ky.

Yellow chrysanthemums beautified the spacious rooms, in which nine tables were at play in a "500" game. Miss Edna Head, of Greenfield, won the trophy, a silver deposit sugar and cream set, and clusters of chrysanthemums were presented to the honor guests.

At the close of the game an elaborate menu of delicacies was served by Cateress Vivans and Woodson.

Small gilt baskets of yellow pony chrysanthemums and smilax graced the center of each table.

Mrs. J. Star Smith assisted her daughter in entertaining.

The lovely November day brought out an unusual number of chic fall costumes.

Miss Smith was looking very pretty in white taffeta with pale green crepe de chine bodice.

Miss Smith's guests are charming girls, typically Southern, and responsive to new friends with the special cordiality of the South.

Miss Waller wore a stunning gown of crimson and black brocaded velvet, trimmed in white point lace.

Miss Lazarus was wearing an exquisite creation of white lace, with flounced skirt and pink brocaded satin jumper.

Among the guests were Mrs. Buchanan, of Helena, Ark.; Miss Penard, of Auburn, N. Y.; Mrs. George Moorehouse, Mrs. Dean Waddell, Mrs. Ernest Barr, Misses Clara Barr and Edna Head, of Greenfield; Mrs. F. H. Dunn, Bainbridge.

Mrs. E. L. Tracey gave a beautiful birthday party Tuesday afternoon for her little five-year-old daughter, Susie Irene.

Twenty little girls and boys were given a very happy afternoon, with all kinds of games.

A tempting birthday luncheon, in which a pink and white color scheme was effective was served.

Pink carnations and greenery adorned the center of the table, and festoons were draped from the overhanging chandelier.

A splendid birthday cake, with five pink candles, was the delight of the children, and Santa Claus bells, filled with candy, were favors.

Assisting Mrs. Tracey and the cunning little hostess were Mesdames O. S. Tobin, Chas. Gerstner and Ray Maddox.

Mr. and Mrs. Noah Smith will extend the hospitality of their handsome home at a Thanksgiving dinner Thursday. Their guests will include Mr. and Mrs. W. R. Smith, Mr. and Mrs. Fritz Miers and children, Mr. and Mrs. Willis Lansinger and children, Mr. and Mrs. Harry Forman and children, Miss Seneth Kelough.

Mr. and Mrs. Roy Rankin and Mr. F. W. Green, of Cunningham, are entertaining with a Thanksgiving dinner at their hospitable country home. Mr. and Mrs. Ed Dice and son will attend from this city; Mr. Harry Green comes over from Dayton, and the additional guests will be Mr. and Mrs. Bert Leach and children, Mrs. Rankin and daughter, Miss Octa, of Milledgeville.

Browning club met last evening with Mrs. Kerr, president, in the chair. The secretary's minutes gave interesting data as to the tuberculosis work under association lines as being planned out.

The resignation of Mrs. Jennie Parrett was received with regret, and Mrs. Jos. Kimball and Anna Bush Coffman made members of the club.

Mrs. Loyce Sever, chairman of that committee, reported the receipt of

various buildings were classified as

and stated the club might wisely get to work.

A committee for the "Welfare Association" was appointed, Mesdames Kerr, Jones and Ogle.

Before the program of the club was given a delightful entertaining reading was given by Miss Mary J. Lazarus, of Bowling Green, Ky., the guest of Miss Dorothy Smith.

The reader presented English comedy of time of Charles II, her impersonation work exceptionally strong. Miss Lazarus, who is a graduate of the School of Expression, Boston, possesses unusual charm as a reader.

The program opened with a comprehensive paper by Mrs. Ustick on the "Present Political Crisis in China." It touched on conditions when the first Chinese parliament was opened, a parliament elected by forty millions of voters, to govern four hundred millions of people. Many changes have come about, but signs now are pointing to a readjustment and one interesting point, that China is the only remaining great area of an unexploited wealth in the world. This is ready to be worked up and last year their foreign trade was \$600,000,000.

Mrs. Olivia Sprenger treated interestingly of the first exposition in China, which was held at Nankin, in 1910. This was worked up by the viceroy, Gun Fang. Twenty-one provinces were represented and the

were appointed to administer the estate of the late George W. Baker, and they filed \$200,000 bond.

The estate is one of the largest admitted to probate in recent years.

REINFORCEMENTS ARE ON THE WAY

Germans Retiring In Poland Will Renew the Conflict.

RUSSIANS ALSO GET FRESH MEN

Forthcoming Engagement Will Likely Be Even Greater Than Any Which Preceded It and May Decide For Some Time to Come the Trend of Operations In Poland—Russians Reported Pounding Cracow Forts.

London, Nov. 25.—The extent of the victory which the Russians have gained over the Germans in Poland is just beginning to become apparent, in the opinion of military experts here. Apparently the kaiser's troops are being driven back towards their frontier just about as fast as they advanced, but it is thought that they will turn about when reinforcements which are on the way reach them and renew the conflict.

The new battle is expected to develop much nearer the East Prussian and Silesian border than the line thirty-five miles from Warsaw, to which General Von Hindenburg's forces penetrated on their last essay to the Polish capital. The fact that

THREE TURKS ARE SEIZED

London, Ont., Nov. 25.—The local police assert that by the arrest of three Turks they frustrated an attempt to assassinate Major General Sam Hughes, minister of militia and defense. The authorities claim that letters found in the possession of the prisoners and interpreted by the government secret service men indicate clearly that an attempt was to have been made on the life of General Hughes upon his arrival in this city. Details of the plot charged by the police were first obtained, they asserted, in Detroit. One letter bears a Detroit postmark and urges the Turks to "do their duty" and not be afraid of meeting the man they had been instructed to kill."

NO MORE ACHING LAME BACKS!

When it's hard to straighten up quickly and there's a "crick-in-your-back" and every joint and muscle in your body aches and you have that "don't care" feeling, ask your druggist for a bottle of Hoff's German Liniment. This famous stainless, greaseless, refreshing-odor liniment is made from the same formula as the doctors use with such success in Germany. It is pure and white as snow and it won't soil the finest clothes.

For 18 years Hoff's German Liniment has been the unequalled remedy for Rheumatism, Lame Back, Neuralgia, Sore Throat, Cold on the Lungs, Cold in the Head, Bruises, Sprains, Aching Joints, Sore Feet, Corns, Bunions, etc. It can be taken internally for Colds, Coughs, Croup, etc. It is powerful and penetrating. Fine for children. Nothing like it in existence for stopping pain. Made from white emulsion of camphor cream with other pure, harmless, effective ingredients. Everyone knows the value of camphor for relieving pain, but its great drawback is that it leaves the pores open. Hoff's German Liniment keeps the pores closed—keeps colds out.

Sold in handy bottles by all druggists—a quarter pint for a quarter; large family size, 50c. Results absolutely guaranteed, or druggist is authorized to return your money without argument. "Avoid disappointment by not taking 'something just as good.'"

TO THE POINT

A school building at Morning Sun, near Eaton, O., was destroyed by fire of unknown origin.

At Zanesville, O., Edwin P. Lloyd, sixty-two, was killed when he lost his balance and fell head first from the roof of an old building he was tearing down.

Fire originating in the basement of the J. D. O'Neill department store at McKeesport, Pa., for a time threatened the entire business section of the city and entailed a loss of about \$200,000.

SIR OLIVER LODGE

Conversed With Friends Who Had Passed Away, He Asserts.

THOUSANDS ARE FACING STARVATION

Belgians Need All the Help Americans Can Give.

In a lecture Sir Oliver Lodge, president of the Society for Psychical Research, made a striking declaration of his spiritual faith. He expressed his absolute conviction of a future existence and stated that he had conversed with friends who had passed away. Sir Oliver said at the outset that once one realized that consciousness was something outside of the mechanism it made use of one realized that survival of existence was naturally the simplest thing. It was unreasonable, he added, that a soul should jump out of existence when the body was merely a drop in the bucket.

A number of Belgian delegations visited the agent, begging him to help various localities where conditions were especially distressing. He was compelled to answer that he would be able to relieve each center of suffering, according to the exact percentage of food available.

The agent records the terrible condition of some refugees in Holland, who packed lighters on the canal near Hansoort. Men, women and children of all classes, from the wealthiest to the poorest, were compelled to abandon every vestige of human decency. Their prospect is that they will have to spend the winter in such a situation unless death releases them.

An American Salvation Army worker reports that he has been overwhelmed with applications for food and clothes. He says "the misery has no end."

The severe weather has increased the suffering enormously, until the problem is stupefying. The Dutch government is straining its utmost resources, but, faced by a cyclone of suffering, needs all the help Americans can give.

WILSON EATS TURKEY WITH HIS DAUGHTER

Washington, Nov. 25.—President Wilson paid tribute to Myron T. Herrick, who is retiring as ambassador to France, to be succeeded on Dec. 1 by William G. Sharp. Mr. Wilson said he had been very much pleased with Mr. Herrick's work and that his conduct during the trying days of war in the French capital had been so admirable he had been left in charge as long as possible.

Washington, Nov. 25.—President Wilson all but "canned" the story published in some newspapers that he contemplated attending the senate executive sessions and will ask the house to admit cabinet officers to that body. He intimated pointedly that there was no such plan in contemplation.

TOMMY LEACH MAY MANAGE THE YANKEES

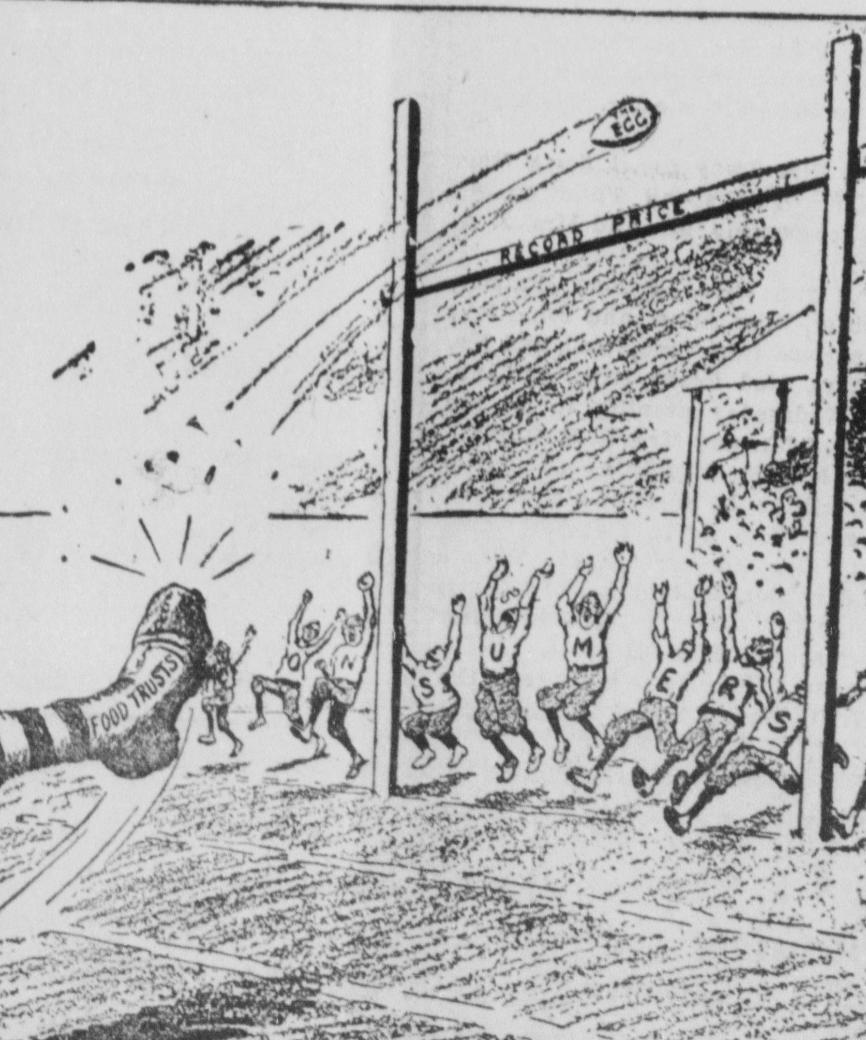

Chicago, Nov. 25.—Harry Karras flirted with two women in a dairy lunch and invited them to accompany him to his hotel. Arriving at the hotel, the girls locked Karras in his room and phoned for a policeman, who took Karras before Judge Goodnow, who fined him \$25. The girls were there, too. They were Policewomen Ensley and VanEmber.

POLLY'S THANKSGIVING

How a Little Girl Got a Holiday All For Her Very Own.

SUCH a funny little roly poly Polly as she was, with her big chin blue eyes, that were forever seeing something to wonder about, and her round, red cheeks, that always grew redder when anybody spoke to her, and her crinkly, flaxen hair, that never would stay in place. Such a queer dumpling of a Polly!

All the same, she liked nice things to eat as well as any one could, and when once upon a time somebody gave her the measles just in season for Thanksgiving day she felt dreadful about it and cried as hard as she knew how because she couldn't have any turkey nor pudding nor mince pie for dinner—nothing at all but oatmeal gruel.

But crying didn't help the measles a mite, as, of course, Polly knew it wouldn't. But she couldn't have helped crying if she wanted to, and she didn't want to.

"Most anybody'd cried, I wouldn't wonder," she said a day or two after, when the measles had begun to go away again, "not to have a mite of any Thanksgiving for dinner—not any pie, not any cran'bry sauce, not any—oh, dear!"

"Well, well," said Polly's mother, laughing. "I guess we'll have to have another Thanksgiving day right off."

"Oh, can we?" cried Polly, brightening up.

"Not unless the governor says so," answered her father, with a twinkle. "The governor makes Thanksgiving days. Polyanthus."

"Where does he live?" asked Polly, with an earnestness that was funny. Everybody laughed.

"At the capital," said Polly's Uncle Ben Davis. "Do you know where that is?"

"I guess I do," said Polly, and she asked no more questions.

But what do you guess this funny Polly did? By and by, when she felt quite like herself again, she borrowed pencil and paper and shut herself up in her own little room and wrote a letter that looked a little queer, 'tis true, but still made her wishes known:

DeRe MiTeR GUVNER will you PLEASE Make AnoTheR THANKSGIVING DAY be Caws I HaD THE MEESLES tHE LAST One. Polly Pinkham.

Then she folded the letter and put it in an envelope and sealed it and took 2 cents out of her bank for the postage and ran away as fast as she could run.

Mr. Willey kept the postoffice, and if he himself had been behind the glass boxes that day I don't believe Polly's letter would ever have gone out of Tinkerville. But Mr. Willey's niece was there. She read the address on the envelope Polly handed in, and her eyes danced, it looked so funny:

Mister Guvner, at the CAPITL.

One or two questions brought out the whole story.

"The governor shall have your letter, Polly," roguish Miss Molly said as she stamped it and postmarked it. And so he did, for, not quite a week later, a letter came in the mail for Polly—a great white letter with a picture in one corner that made Polly's father open his eyes.

"Why, it's the state's arms!" said he. "What under the sun?"

KEEP LOOKING YOUNG

It's Easy—if You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels, and you need not have a sallow complexion—dark rings under your eyes—pimples—a bairn-like look in your face—dull eyes with no sparkle.

Your doctor will tell you ninety per cent of sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective.

They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

REVEAL PLAN OF CAMPAIGN

Villa and His Army Reported to Be Only Twenty Miles North of the Mexican Capital—General Obregon Predicts Popular Revolt When Villa Enters the Palace—Mexican Situation to Date.

Mexico City, Nov. 25.—It is reported here that the advance guards of General Villa's army have reached Teoloyucan, about twenty miles north of Mexico City.

General Alvaro Obregon is still in the city and his difficulties with General Lucio Blanco have been adjusted. The two generals have held a prolonged conference.

In a statement General Obregon said that General Villa had arrested Julio Madero, brother of the late President Madero. General Obregon declared that he and General Pablo Gonzales had sufficient troops to defeat General Villa, but that they had desisted in order to allow Villa to enter this city, where the entire Constitutional army would bottle him up.

"When Francisco Villa and Emiliano Zapata are found together in the national palace," said General Obregon, "the republic will feel a convulsion of repugnance which will shake it to its foundation. It is then that we will start our campaign to eliminate them, and we will be successful."

PREPARING TO RESIST VILLA

El Paso, Tex., Nov. 25.—Carranza officials denied that General Lucio Blanco has arrested Generals Eduardo Hay, Alvaro Obregon and Antonio Villareal, former president of the Aguascalientes convention, and is holding them to be tried on arrival at the capital of Villa and Provisional President Gutierrez. Carranzistas assert that these generals are at Puerto Mexico embarking troops for conveyance by boat to Tampico to defend the port against the army which Villa is preparing to send against the place.

OUT OF WORK; TAKES HIS LIFE

Galion, O., Nov. 25.—James R. Neff, sixty-eight, who came here from Ross county three years ago, committed suicide because he could not find work.

"The Sweetest Running Car in the World!"

This is the verdict of those who have experienced the super-luxury of the Cadillac Eight.

As you sink into the soft, yielding cushions, you become enraptured in that delightful sensation of floating through space. You revel in exceptional relaxation and ease, oblivious to the wonderful mechanism which gives you motion.

The Cadillac Eight Cylinder V Type Engine

"The Ultimate in Motor Car Possibilities"

Such is the verdict of the industry's representative engineers concerning this most recent evidence of Cadillac progressiveness as exemplified in the High-speed, High-efficiency, Eight-cylinder V-type Engine.

There is no intermission between impulses, but rather an overlapping so complete that one melts or merges into another. The torque therefore, is constant and the flow of power is continuous.

As the Cadillac softly speeds along under the almost magic influence of this new power-principle, the sensation is as unique as though you had never motored before.

Cost little; pay much—Want ads.

Newspaper Advertising

Goes direct to the people and the people constitute the buying public. Newspaper advertising not only talks but it emphasizes; it has the undivided attention of the reader and covers a field no salesman can hope to reach. There are many styles in newspaper advertising and the small announcement, which costs only five cents, is just as effective in its way as the larger one, which costs proportionately more. The benefits to be derived can not be measured by the size of the ad, for the very good reason that the small, inexpensive announcement invariably proves effective. Newspaper advertising costs from five cents up to any price the advertiser desires to pay.

CHRISTMAS IS COMING

CHECK THAT COLD WITHOUT DELAY

In a strict sense you do not catch a cold, but rather the cold catches you. It is apt to catch you when your vitality is low and when your circulation is impeded by draughts of cold air, etc. Reverse the order of things by "shaking off" the cold before it gets a firm grip on you. You can do this with

LAXATIVE COLD BREAKERS

They will check a cold in the beginning or cure settled colds in a very brief time.

Keep them in your home. Price 25c.

CATARRH TROUBLE ENDED BY HYOMEI

An Inexpensive, Easily Used and Most Effective Remedy.

Surely try Hyomei, nature's harmless remedy for catarrh, colds, asthma, bronchitis, or croup of children—a treatment that is pleasant to use, and so certain of results that Brown's drug store sells it on the "No-cure-no-pay" plan.

Hyomei is not a cure-all but a specific for distressing catarrh and similar ailments. You breathe Hyomei so that its antiseptic medication at once reaches the irritated and diseased tissues, healing and soothing the sore spots.

Get a Hyomei outfit, which contains inhaler and bottle of liquid, at once. Put twenty drops of Hyomei into the inhaler and breathe it a few times during the day. There is no treatment so satisfying for it instantly opens the stopped-up air passages—you breathe freely, the unclean discharges from the nose stop, and dull headaches vanish—even the worst cases respond quickly.
